

Online Training Courses

An Easy Way to Help Ministries Stay Safe

Brotherhood Mutual Online Training courses are a great way for ministry workers to learn how to keep their church or ministry safer. Brotherhood Mutual currently offers more than 80 online training courses, all available free to Brotherhood Mutual policyholders and agents.

Online training is a realistic way for busy ministry leaders, employees, and volunteers to become more safety-minded. Unlike other forms of training that can be time-consuming and expensive, online training offers several advantages:

- **Reduced training costs.** There are no travel expenses, seminar fees, or guest speaker fees associated with online training.
- **Improved training accountability.** Each online training module includes built-in assessment tools, and account administrators can track every trainee's progress.
- **Increased employee productivity.** There is no need to coordinate busy schedules or make room in the work day for training. Training participants can log in at any time, from any computer, to complete their training.
- **Lower workers' compensation and related costs.** Online training is safe and easy to use.
- **Enhanced safety awareness.** Online training participants can help create a culture of safety within their ministry.

ONLINE TRAINING

Train your ministry's employees and volunteers in good safety practices.

Whether it's your office assistant, your nursery volunteers, your Sunday School teachers, or your facility maintenance professional, there's something for each person who plays a role in your ministry with Brotherhood Mutual Online Training.

Why Train Online?

Key benefits for ministries participating in online training include:

- **Affordable.** Courses are free for Brotherhood Mutual customers.
- **Convenient.** Courses are available 24 hours a day, seven days a week any where there is an Internet connection, and training is easy to set up and administer.
- **Flexible.** Trainees may participate in courses in a group setting (*which saves even more money*), or they may take the courses individually from the comfort of their own homes.
- **Results.** Ministry teams who participate in online training will be more conscious of their surroundings and more aware of potential risks and hazards. As a result, accidents will be less likely to happen, and when they do, your ministry team will be prepared to address them quickly and effectively.

Get Started Today

To begin online training at your ministry, complete these steps:

1. Visit <http://www.brotherhoodmutualcourses.com> (<http://www.brotherhoodmutualcourses.com/>)
2. When the Online Training page opens, click **Admin Set Up** at the top-right corner of the page.
3. Complete the form and click **Set Me Up!**

4. You will receive an email with your user name and password, and user guides.
